**RE: DBE Re-Certification**

Dear Mr. Mundy:

We are in receipt of your re-certification application to the New Orleans Aviation Board to be re-certified as a Disadvantaged Business enterprise (DBE) under our federally funded program. The result of our review is that **IMDC, INC** is recertified as of **FEBRUARY 25, 2005** for a period of three (3) years. A re-certification application will be mailed to you four (4) weeks prior to the date of expiration. However, to maintain your DBE status during the next three years, you must provide an annual update to this department by completing a Schedule C "Affidavit of No Change", on or before your anniversary date. Along with this Schedule C you should submit a personal net worth statement on each DBE owner and a current business financial statement and income tax return. If this information is not received, we will proceed with the decertification procedures as prescribed in the 49 CFR Part 26.

Your specialty will be listed in the next Certification Registry as:

**NAICS CODE # 541330 – ENGINEERING SERVICES**

**LAUCP WORK TYPE #C04 – ARCHITECTURAL ENGINEERING**

Your participation in NOAB contracts will be credited toward DBE goals in your area of specialty. Requests for expansion of certification must be submitted to this office along with all documentation necessary to establish a justification for such expansion.

It is the obligation of **IMDC, INC** to notify this office, in writing, if there are any changes in ownership and/or control of your firm. Any false information submitted on your application will be considered grounds for decertification and/or prosecution. In the event of a third-party challenge to your eligibility status, this office will conduct an extensive review in response.

Yours sincerely,

Sean C. Hunter  
Acting DBE Liaison Officer
